

# INTRODUCING THE WINE TANK

Hoover Materials Handling Group, Inc. has the answer to your wine storage issues during peak production times. The Wine Tank is manufactured in an ISO 9001:2000 facility to meet the high quality standards of the wine industry. Our tanks are ideal for fermenting Sauvignon Blanc and other white wines or temporary storage of red wines. Hoover has been manufacturing containers since 1949, which have proven themselves to withstand the test of time. Hoover's flexible procurement options include an attractive rental program.
